Hi,  
Here is the agenda and an attachment for tomorrow's biweekly on state/tribal assumption.

thanks

Agenda for 3/25 404(g) bi-weekly with John Goodin

- 1) Status of state efforts – 2 min; Kathy
  - a. FL – public hearings
  - b. NJ – making changes to all permitting programs to account for climate change issues; Ex. 5 Deliberative Process (DP)
  - c. OR – Stakeholder meetings, HCP and SPGP efforts
- 2) Begin covering issues for options selection i.e., walking through the issue papers tables – Kathy/Ruth
  - a. Cover one at each bi-weekly; intent is to familiarize John with the substance so he can brief Dave/respond to regional manager inquiries
  - b. This will allow pre-brief for Dave's pre-brief to focus on outstanding or unresolved issues and the process of holding the meeting. Due to challenges with remote meetings.
- 3) Cover Tribal Options (attached) - Ruth
- 4) Next topic is Mitigation

We are crafting path forward on options selection per John's direction and for meeting on 3/26.
